Better Health, Better Care, Every Day.

Health New Zealand | Te Whatu Ora is committed to providing high-quality healthcare for all New Zealanders. We are focused on improving access to care, delivering better health outcomes, achieving national health targets, and ensuring the long-term sustainability of our health system.

We know that great healthcare starts with great people. That's why we are committed to building a high-performing, inclusive workplace where our people are supported to grow, contribute, and make a real difference for patients, whānau, and communities across Aotearoa.

About the role

The primary purpose of the role is to:

The Nurse Educator may work across the organisation or within a clinical area, acting in the roles of educator, consultant, researcher, leader/change agent in the pursuit of clinical excellence and improved health outcomes.

Education is central to the Nurse Educator role, however in order to influence and improve nursing practice it is essential the role is underpinned by all the competencies as outlined in the job description below:

- Promotes excellence in nursing practice within an interdisciplinary environment.
- Promote the enhancement of clinical practice and the development of knowledge and skills for nursing staff.
- Shows effective nursing leadership and consultancy with an educational focus.
- Promotes and utilises research and evidence-based nursing practice.
- Maintains own professional development.

Key Result Area	Expected Outcomes / Performance Indicators
Promotes excellence in nursing practice within an interdisciplinary	• Works collaboratively with Nurse Educators, the Professional Development Unit and the Nursing Workforce Development Team across the services and the wider CDHB. • Uses a theoretical framework and personal philosophy of nursing as a basis for nursing practice and its advancement.

environment.	• Promotes evidence-based patient focused care to achieve cost effective quality health outcomes. • Identifies and introduce advancements in nursing knowledge, relevant trends and changes in best practice for nurses. • Models expert nursing skills and applies critical reasoning to nursing practice issues and decisions. • Demonstrates culturally safe practice; incorporating the Treaty of Waitangi principles of Partnership, Participation and Protection. • In partnership with senior nursing staff, identifies relevant trends and changes in the scope and nature of nursing practise and evaluate for local applicability. • Collaborates with senior Nursing staff and multidisciplinary teams and supports changes to practice when indicated. • Supports the planning, implementation and evaluation of nursing practice delivery systems in conjunction with the senior nursing group, nursing peers and multidisciplinary team as appropriate. • Uses critical incidents as an opportunity for staff development.
Promote the enhancement of clinical practice and the development of knowledge and skills for Nursing staff.	• Have a demonstrated understanding of the principles of adult teaching and learning and evidence of effective teaching skills. • Assess, plan, implement and evaluate educational programmes designed to promote best practice within the CDHB Canterbury and National nursing workforce. • Communicate and collaborate with Senior Nursing Governance Group and Service Managers to identify education needs and clinical practice requirements. • Develop, implement and circulate an annual strategic education plan in partnership with the Senior Nursing Governance Group. • Develop and implement education that supports the varied and specific learning needs of the staff in the clinical setting. • Is responsible for the facilitation and/or delivery of regular relevant education and staff development programmes for clinical staff. • Review programme content and delivery using appropriate measurements, methods and tools to evaluate achievement of learning goals, teaching strategies and quality assurance. • Provide evaluation and reports of training and in-service programmes to line manager on a regular basis. • Support nursing staff in identifying relevant education, professional development activities and set annual performance goals. • In conjunction with Senior Nursing, assist nursing staff, who have been identified as having a performance deficit, in developing an education plan to meet identified outcomes. • In collaboration with the New Graduate Programmes, provide support, education and resources to the new graduates to ensure programme requirements are achieved. • Is available as a mentor for nurses/preceptors where appropriate.

	• In partnership with the Senior Nursing Group plan and review orientation programme for new staff. • Maintain records of attendance at all teaching sessions.
Shows effective nursing leadership and consultancy with an educational focus.	• In conjunction with the Senior Nursing Group, develops in-service and continuing education programmes to assist nursing to acquire, maintain or increase their competence in fulfilling assigned responsibilities. • Contributes to meetings in a collaborative, active way. • Contributes to policy formulation/review and participate on committees and working parties as required. • Acts as a resource person and supports staff to achieve Professional Development and Recognition Programme (PDRP) requirements. • Provides senior nursing leadership and consultation to a broad range of hospital, community and professional groups to achieve positive outcomes for patient or population groups. • Supports a culture of evaluation and the ongoing quality improvement of nursing practice. • Contributes to system change to improve health outcomes through evidence-based practice.
Promotes and utilises research and evidence-based nursing practice.	• Reviews relevant literature relating to evidence-based practice. • In conjunction with the Senior Nursing Group, applies new knowledge to advance best nursing practice. • Facilitates and/or conducts research with an educational focus, and assists in the application of research findings. • Works in partnership to develop and maintain evidence-based inquiry and education resources. • Utilises research inquiry to advance nursing best practice across the site, and contribute to evidence-based policy and its evaluation through the quality and audit process. • Participate in clinical audit to evaluate clinical standards and patient health outcomes. Use audit information to identify education needs and clinical practice requirements.
Maintains own professional development.	• Maintains own clinical competence and develops own portfolio demonstrating a commitment to self-development. • Networks nationally and internationally and keeps up to date on trends and developments within education. • In consultation with the Line Manager identifies educational programmes and conferences relevant to the role. • Presents papers at conferences and seminars and presents papers for publishing as required. • Attends educational opportunities and conferences relevant to the role and scope of practice.
The Nurse Educator will undertake other duties as reasonably directed by the Director of Nursing.	• Ensure that all duties required to be performed from time to time in the best interest of Canterbury District Health Board are done so in an effective, timely and competent manner. • Participate in the process of performance appraisals for nursing staff as required by CNM/Nursing Director/Director of Nursing.

Key Result Area	Expected Outcomes / Performance Indicators
Access and Outcomes	• Supports efforts to improve access to services and achieve better outcomes for the communities we serve. • Uses evidence and insights to identify barriers and opportunities for improvement. • Contributes to inclusive, responsive, and effective service delivery.
Te Tiriti o Waitangi	• Demonstrates a commitment to understanding and applying Te Tiriti o Waitangi in a practical and appropriate way. • Supports initiatives that improve outcomes for Māori and strengthen relationships with Māori partners and stakeholders. • Contributes to an inclusive workplace that values diversity and supports the attraction, development and retention of Māori employees.
Health & safety	• Exercises leadership and due diligence in Health and Safety matters and ensures the successful implementation of Health and Safety strategy and initiatives. • Takes all reasonably practicable steps to eliminate and mitigate risks and hazards in the workplace that could cause harm, placing employee, contractor and others' health, safety, and wellbeing centrally, alongside high-quality patient outcomes. • Leads, champions, and promotes continual improvement in health and wellbeing to create a healthy and safe culture.
Compliance and Risk	• Takes responsibility to ensure appropriate risk reporting, management and mitigation activities are in place. • Ensures compliance with all relevant statutory, safety and regulatory requirements applicable to the Business Unit. • Understands, and operates within, the financial & operational delegations of their role, ensuring peers and team members are also similarly aware.

Culture and People Leadership

- Provides visible, effective leadership that aligns people, resources, and effort to organisational priorities and outcomes.
